

DO YOU HAVE KIDS UNDER 18? YOU MAY BE ELIGIBLE FOR MORE COVID RELIEF MONEY.

The American Rescue Plan made big changes to the federal Child Tax Credit (CTC), just for the tax year of 2021, to help families with children recover from the pandemic:

More low-income families are eligible for the money	Low-income families will get more money than before	All families can get half of the money in advance
<p>✗ Before, families needed a minimum income to be eligible.</p> <p>✓ For 2021, families can be eligible even if they have zero earned income for the year.</p>	<p>✗ Before, the maximum credit was \$2000 per child.</p> <p>✓ For 2021, low-income families will get \$3000 per child 6-17 and \$3600 per child 0-5.</p>	<p>✗ Before, families got their tax credits during tax season.</p> <p>✓ For 2021, families will get half the credit in monthly payments of up to \$300 per child starting on July 15.</p>

MASSACHUSETTS NEEDS A STATE CHILD TAX CREDIT FOR KIDS 0-12

After COVID, too many parents lost their jobs to care for kids, especially in Black, brown, and low-income communities with many essential workers and high transmission rates.

Now is the time to create a \$600-per-child Massachusetts Child Tax Credit. Massachusetts just got \$5 billion from the American Rescue Plan. The tax credit would cost \$700 million per year.

The expanded federal child tax credit provides \$250 to \$300 monthly per child.

The Massachusetts Child Tax Credit would **add \$50 monthly per child on top of that.**

\$600 for each child ages 0-12	Child care is more expensive in Massachusetts than almost anywhere else in the country.
For undocumented children too	About 30,000 kids in our state are undocumented and excluded from the federal child tax credit.
For families that earn less than: <ul style="list-style-type: none"> • \$200,000 for one filer • \$400,000 for two filers 	Over 90 percent of Massachusetts families should be eligible for the Massachusetts Child Tax Credit.
No minimum income to qualify	A fully refundable Massachusetts Child Tax Credit would serve as a guaranteed income.
